WELCOME!

Our community and The Board of Festivals and Tourism would like to thank you for choosing historic Lebanon, Ohio as the host city for your event! Festivals and Tourism have an important impact on the civic and economic life of Lebanon. They help to create a positive view of our selves and enhance the quality of life in our community. We are sure you will find a cooperative and friendly spirit among the businesses, merchants, employees and residents of Lebanon.

Once you complete the required preliminary event application, you will meet with The Board of Festivals and Tourism. The mission of this Board is to make sure that festivals and tourism stay in step with the community, and serve the needs of the community and its people. A variety of City departments are involved in the logistics required to produce a safe and successful community event as well. Once your event is approved, you will then meet with members of City staff who will guide you through the logistics of your event. In addition, the City requires an array of permits and approvals before an event may take place. In an effort to simplify the requirements of event organizers, the City has compiled this event application packet to help guide you through the planning process.

It is the goal of the City to coordinate efforts between your organization and city services, while promoting travel and tourism to Lebanon. Your City contact will assist you in completing the necessary forms in this packet and coordinating efforts between your organization and the city departments.

Please note that the event organizer is responsible for fees and wages for all City services as determined by the respective departments. In addition, the event organizer may be charged a rental fee for use of City equipment and facilities. A fee is also associated with lost or damaged items.

We believe you will find the enclosed information both helpful and easy to follow. Should you have any questions, please do not hesitate to contact the Marketing and Media Relations Coordinator, at (513) 228-3110.

The Board of Festivals and Tourism wishes you good luck with your event!

SPECIAL EVENT GUIDELINES

Every event must go through the permit application process, whether yours is a new event or a yearly one. You have completed the toughest task of this process – outlining and planning your event. This Guidebook will assist you in completing the rest of the steps involved in hosting an event in Lebanon. Your staff liaison will walk you through the items contained in this packet.

This booklet will guide you through the four main steps in the process:

Step One: Special Event Guidebook

The guidebook will lead you through the application process, helping you to address all aspects of the event in a timely manner.

Step Two: Event Application Booklet

This booklet contains the necessary forms that must be completed to proceed with your event. You must complete the entire packet and return at least *60 days prior to your event* with the following items:

1. Application fee check: \$25 for parades; \$50 for all other special events. This fee is non-refundable.
2. Site map: a preliminary layout map of your proposed event

Step Three: Board of Festivals & Tourism Meeting

Event organizers are required to meet with the Board of Festivals & Tourism prior to any event. The board will review the preliminary event application and site map to determine if the event is desirable for the community, and make suggestions to facilitate the success of the proposed event. *Note: Some parade and walking events are not required to meet with the Board; you will be notified if you are required to meet.*

Step Four: City Staff- Services Meeting

Once the Board of Festivals & Tourism has approved the event to continue, the event organizers will have a meeting with members of City Staff to discuss services that will be provided for the event. Staff will review services requested and make recommendations to facilitate the success of the event.

The City Manager may issue Food Vendor Permits for non special event activities on publicly owned property, such as athletic events, and establish appropriate facility use and utility service fees. A Food Vendor Permit will authorize access to City property and does not relieve the vendor from compliance with applicable food service regulations and licensing requirements. No Food Vendor Permits will be issued that conflict with any facility use agreements or Special Events as defined above.

City staff involvement: The City Marketing Coordinator will serve as the liaison with special event organizers. A Special Events Committee will be appointed to review Special Event Permit Applications. The City Manager is the final approval authority for all special events.

 - The conduct of the special event will substantially interrupt the safe and orderly movement of other traffic contiguous to its route or will cause significant disturbance to surrounding residents and businesses, or emergency services;

- The conduct of the special event will require the diversion of so great a number of City personnel to properly staff the special event that adequate service cannot be provided to the remainder of the City;
 - The conduct of the special event is likely to result in violence to persons or property, causing serious harm to the public;
 - The special event is to be held for the primary purpose of advertising a product, goods, or services, and is designed to be held primarily for profit;
 - The date or location of the special event is in direct conflict with an existing event.
- **Compliance with other laws.** The granting of any Event Permit required by this policy shall not eliminate compliance with federal, state or local statutes, ordinances, rules or regulations.

Revocation of a Special Event Permit (prior to event): A Special Event Permit may be revoked at the discretion of the City Manager upon a finding that the health or safety of the public is threatened by an emergency, disorder, or other unforeseen condition which has arisen and after notice to the permit holder, cannot be accommodated by the permit holder within a reasonable time as determined by the City. Additionally, a Special Event Permit may be revoked if it is determined that information provided in the permit application has been misrepresented or falsified.

Revocation of a Special Event Permit (during event): A Special Event Permit may be revoked by the City during the event if it is determined by the City that the safety of the public or City-owned facilities has been placed at risk due to adverse weather conditions, actions by the permit holder or event participants, or any other contingency adversely affecting the health, safety or welfare of the public. The following City staff members have the authority to revoke a special event permit; City Manager, Deputy City Manager, Chief of Police, Fire Chief or Incident Commander acting on behalf of the City Manager.
